EDUCATION

FEB 2014 TO DEC 2018 (CURRENT)	Bachelor in Computer Science at UNIVERSIDADE DE SÃO PAULO emphasis on theoretical computer science

EXTRA-CURRICULAR

CODEFORCES	TOPCODER
Rating 2108, 10th place in Brazil	Rating 1715, 9th place in Brazil

SUMMER 2016 AND SUMMER 2017	**ACM-ICPC Summer Training Camp at UNICAMP** Attended to lectures about algorithms, data structures and competitive programming and took part in several team contests.
FEB 2014 *Current*	Member of MARATONIME *Competitive Programming Study Group* Helps on training students interested in competitive programming mainly preparing and teaching lectures on topics about programming and algorithms.
FEB 2014 *Current*	ACM-ICPC Contestant Training and taking part on contests from ACM-ICPC and several other competitive programming contests online, including Facebook Hacker Cup, Google Code Jam, TopCoder SRMs and Codeforces Rounds. Using mainly C/C++ and intensifying my studying of Algorithms and Data Structures.
2015 AND 2016	Hackatons Took part in Facebook Hackathon in 2015 and Facebook-Mastercard Hackathon in 2016

WORK

FEB-DEC 2013	Intern Web Developer at TRIFORCE SOLUÇÕES DIGITAIS *Web Development Company* Development of a generic content management framework, used in every website developed by the company. Worked mainly with PHP, SQL, JavaScript and HTML5/CSS3 with two other programmers and a designer. Since it was a multi-project framework, there was a great concern for keeping code clear, organized and modular.

PROGRAMMING LANGUAGES

C/C++	3 years of experience mainly on competititive programming contests and university assignments.
JAVASCRIPT (AND NODE)	1 year of work experience at TriForce. 5 years of use in small personal projects.
PHP	1 year of work experience at TriForce.
